The American College of Obstetricians and Gynecologists (ACOG) invites organizations to host CME Forums during the Annual Clinical and Scientific Meeting, but limits when those events may take place.

These 90 minute sessions include a 15 minute meal, 60 minute program and should provide attendees with novel and innovative approaches to issues impacting physicians in the area of obstetrics and gynecology. Sessions are available at breakfast and dinner time slots.

Application Process
To receive approval for an activity, applications must be completed and sent with the appropriate fee by March 20, 2020. CME applications will be reviewed by the ACOG Committee on Continuing Medical Education and placed at the Washington State Convention Center pending space availability.

CME Forums refer to any educational activity that is independently organized and held in conjunction with the 2020 ACOG Annual Clinical and Scientific Meeting.

All CME activities must adhere to the following:

• Program content must be developed independently, free of bias and cannot overlap with content currently being presented at the 2020 ACOG Annual Clinical and Scientific Meeting.
• Program title must be indicative of the forum content.
• Objectives must clearly meet the educational needs of the target audience.
• Program must be presented in an objective, balanced and scientifically rigorous manner, cannot commercially promote a specific drug, product or service and must meet the policies and guidelines of the ACCME.
• Content and related materials must promote evidence-based learning for optimum patient outcomes and patient safety.
• Content cannot promote a specific proprietary business interest of a commercial entity.
• Presentation must be fair and balanced when discussing specific products. If trade names are included in your presentation, trade names for several companies must be used where available.

Audit
To ensure compliance, your activity will be reviewed and may be audited by members of the ACOG Committee on Continuing Medical Education.

Evaluation Data

1. The attendee list
2. Indicate the number of participants that have requested CME certificates, and
3. Tabulation of Outcomes.

ACOG auditors have the right to request further documentation, for example, copies of slides. Please submit the information to jmciver@mindspring.com within six weeks of the conclusion of the activity. (Failure to provide the required information may prevent you from hosting future CME forums.)

Role of Faculty
• Participating faculty must disclose all relevant relationships or interests using the ACOG online disclosure system so that ACOG can manage any potential or real conflicts of interests.
• Faculty must be independent subject matter experts, scientists, or clinicians.
• Faculty must present an evidence-based, balanced presentation with a rigorous scientific review.
• Product-specific promotional material or advertisement of any type is prohibited during the presentation.

Leadership Participation
Elected officials and chairs of committees and subcommittees directly and currently involved in the 2020 ACOG Annual Clinical and Scientific Meeting CME program are prohibited from participation in CME Forums, except as attendees who receive no honoraria or reimbursement. ACOG reserves the right to reject any proposed faculty member that it deems may have a conflict of interest with ACOG annual meeting activities.

Affiliates whose programs are not placed due to lack of space or refusal of application will be refunded the total forum fee. No refunds will be given for forum cancellations unless ACOG cancels the event.

If an affiliate is scheduling an event involving any of the Annual Meeting attendees or faculty in the city in which ACOG is hosting its 2020 Annual Meeting, the affiliate must complete the Forum Application and pay the appropriate fee.
The following will be provided by ACOG:

- Meeting space for up to 150 attendees
